

Council Notes  
For  
May 19, 2010

The Hall upgrade has been completed and will resume hosting its normal activities. Council would like to thank everyone for their patience. We would also like to extend a huge thank you to Ozzie Knezacek, Brian Marciszyn, Shawn Wheten, Patrick Stroeder, David Libke and Jason Harcourt for making themselves available to fix the hall on very short notice.

Council will be using the Sage Hill Community futures Grant to purchase an amphibious vehicle to keep the weeds away from the shoreline and for general shoreline clean-up. We are please to have the RCMP radar sign for a one week period. This sign shows drivers the speed at which they are traveling which then can be compared to the legal speed limit. This is another step in our ongoing efforts to have traffic obey the speed limit in the Village and on the highway.

We have been granted two summer student positions from Service Canada. Please look for the ad in The Watrous Manitou.

Council is in the process of meeting with the local business community and the general public to establish a theme for the Village and we will also be holding a public meeting this summer. Times and dates will be forthcoming.
